

Monarch Fixed Ceiling Hoist

The Monarch Fixed Ceiling Hoist is a complementary product to other products for individuals with mobility challenges. It is designed for use by caregivers and health care professionals to lift and transfer a person in a homecare, assisted-living or hospital environment.

The Monarch Fixed Ceiling Hoist is one of the only ceiling hoists on the market using reliable lithium ion (Li-ion) battery technology. Most competitor products use Lead-acid (heavy, toxic, low cycle life) or NiMh.

Unique Features

- Unique Spreader Bar with Secure Sling Mechanism
- Fast – lifts up to 30% more quickly than other models
- Low lift clearance – slim profile means more room to maneuver patient
- Li-ion battery – recharges twice as fast as average competitor products.
- Ultra Lightweight – Weighing 8kg 35% lighter than competitors
- 130kg/200kg safe working load
- Ideal for Nursing Homes, Hospitals or Domestic Use
